

## **Clarifications**

**Question:** In the WAP RFP, Section V.B) It states “Submittals should include Five originals of the Proposal package and are due no later than August 15, 2022. I am asking if it would be allowed to submit one original and four copies. The reason requested is that there are about ten notarized documents per package. This would make fifty original notarized documents.

**Answer:** Yes, you can submit one original document and four copies.
