

STRATEGIC INTEREST GROUP

ACCESS TO HEALTH CARE

BHOLD

Behavioral Health Outreach &
Leadership Development Project

Receiving access to quality health care is a priority for our SIG group. The group is made up of community members, a district school nurse, & directors of various agencies involved in offering health care services. The group's goal is to be active in supporting and increasing access to quality health care for everyone in Brooks County.

PRIORITIES:

- ✓ Informing the community about what resources are available for all areas of helathcare
- ✓ Help engage community health care workers to offer quality services for all patients
- ✓ Helping expand the number of days a licensed counselor services clients.
